APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the point of diversion, manner of use and place of use of the waters of an underground source as heretofore granted under Permit 9939, Certificate 2502 is issued subject to the terms and conditions imposed in said Permit 9939, Certificate 2502, and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a weir or other type of measuring device at or near the well to facilitate the measurement and control of the water. If well is flowing, a valve must be installed and maintained to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at any and all times. The total combined appropriation under Permits 26156 and 26157 is limited to 0.43 c.f.s. but not to exceed 168 acre-feet per year. The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.23 cubic feet per second, but not to exceed 84.0 acre-feet annually.

Actual construction work shall begin on or before.....August 9, 1972

Proof of commencement of work shall be filed before.....September 9, 1972

Work must be prosecuted with reasonable diligence and be completed on or before.....August 9, 1973

Proof of completion of work shall be filed before.....September 9, 1973

Application of water to beneficial use shall be made on or before.....August 9, 1976

Proof of the application of water to beneficial use shall be filed on or before.....September 9, 1976

Map in support of proof of beneficial use shall be filed on or before.....September 9, 1976

Commencement of work filed FEB 22 1972
Completion of work filed SEP 21 1973
Proof of beneficial use filed SEP 6 1978
Cultural map filed SEP 6 1978
Certificate No. 9834 Issued FEB 19 1982
